City To Cooperate In Mosquito Control Drive

This week Mayor W. A. Bowen pledged the full support of the Mayor's Office and City Government in striving to eliminate the mosquito problem which has reached such tremendous proportions in Statesboro during the past few weeks.

The Mayor's pledge came after a conference with Mr. James Bland, City Engineer, Dr. Robert U. King, Medical Director, Bulloch County Health Department, and Mr. Jack Wheeler, District Public Health Engineer. The Bulloch County Health Department is currently making a survey of the city and surrounding areas in an effort to locate mosquito breeding places. This survey will continue in order to pinpoint areas of heavy mosquito breeding.

The City of Statesboro conducts a mosquito and insect control program each year under the direction of Mr. James Bland. This program includes larviciding of the city and space spraying of the city and surrounding areas to points one mile beyond the city limits at regular intervals during the mosquito breeding months.

However, this year the mosquito population has been so great that the Mayor and Health Department feel that extraordinary measures must be taken to combat this problem.

In order to bring the problem under control, Mr. Bland will increase his program and ditches will be larviced twice weekly instead of once a week. The larger ditches will be cleaned out. The Bulloch County Health Department will assist the City Engineer in surveying for mosquito breeding areas. Realizing that the city cannot do this job alone and that mosquitoes breed everywhere, Mr. Bowen and Dr. King are making an urgent request that everyone in the city assist in this program by removing mosquito breeding places from their property.

The following suggestions were made to home and property owners concerning their role in this undertaking:

1. That low areas on the property be filled or drained to prevent water from standing.

2. That all low areas (especially yards) be cleared of weeds and grass be cut regularly.

3. That tin cans, bottles, old tires and the like be removed from the property.

It is true that there are all small items, but a sufficient number of such taken collectively present a big problem.

4. That any area suspected of breeding mosquitoes in or near the city be reported to the Health Department. Such areas will be investigated.

Your assistance in this program is urgently needed to help eliminate this problem.

Teaching Conference

August 13-17

A conference on "Teaching Science in the Elementary School" will be held at Georgia State College for Women at Milledgeville, August 13-17. Arrangements were made by Dr. D. F. Folger, chairman of the division of teacher education.

Thomas L. Dowling, superintendent of schools in Greenville, S. C., is to be the visiting consultant. Mr. Dowling is the author of several articles on the subject to be discussed.

Robert stated that the workshop on science which has been scheduled for the second session of summer school will stage its Science Fair during the week of the conference. Materials and teaching aids will be displayed at the conference.

IN MEMORIAM

In loving memory of our dear husband and father, Charlie H. Mixon, who departed this life eight years ago today, August 10, 1956.

We do not need a special day to bring him to our mind. The days we do not think of him are very hard to find. August brings sad memories of a loved one gone to rest. Who will never be forgotten. By the ones who loved him best, Wife and Daughters

His poor business to spend money for fine and fertilizer and then lose most of it by plowing and planting up and down hill.

MRS. DONALD MARTIN

NEVILS NEWS

MRS. DONALD MARTIN

Mr. and Mrs. M. C. Anderson of Savannah visited during the week with Mr. and Mrs. James Anderson and Mr. and Mrs. Hugh Brown.

Mr. and Mrs. B. L. Roberts and daughter Bobby, Mr. and Mrs. Thomas Watson, Mr. and Mrs. Devaughn Roberts and son, Mrs. Ray Gillis and son, Mrs. Thelma Turner and daughter.

Myra Turner of Savannah is spending a few days this week with her grandparents, Mr. and Mrs. B. L. Roberts.

Wink Anderson of Savannah visited Wednesday night with his brother, J. Lawson Anderson, Mr. and Mrs. Anderson.

Mr. and Mrs. Quinton Anderson and children of Savannah spent Thursday with Mr. and Mrs. J. Lawson Anderson.

S. A. David DeLoach and Mr. DeLoach of Fort Benning spent a few days last week with their parents, Mr. and Mrs. Winifred DeLoach. Mr. DeLoach will leave in 12 days for 2 years in the Far East and Mr. DeLoach will remain in Savannah for 12 months.

Mr. Tom Nevils spent a few days last week with her sister Mrs. Grady, Fluke and Mr. Fluke of Brooklyn.

Billy Gene Hodges of N.G.T.V.S. in Clarksville, Ga., spent the week end with his parents Mr. and Mrs. Hubert Hodges.

Mrs. L. D. Anderson and sons, Mrs. Dan Linder were shopping in Savannah Thursday.

Mr. and Mrs. L. L. Allen of Statesboro spent the weekend with Mr. and Mrs. Wilton Rowe.

James Rowe is spending some time with Mr. and Mrs. Wilton Rowe and Mr. and Mrs. R. J. Morris and daughter, Debbie, of Savannah spent Sunday with Mr. and Mrs. Walton Nesmith.

Misses Judy and Sandra Nesmith spent Wednesday night as guests of Misses Jane and Julia Bragan.

Mr. and Mrs. Teel Nesmith, Morgan, Sandra, and Judy Nesmith were visiting in Savannah Sunday.

Mr. and Mrs. Josh Riggs had as their guests Sunday, Mr. and Mrs. Carl Riggs of Savannah, Mr. and Mrs. Robbie Lee Riggs of Savannah.

Mr. and Mrs. O. H. Hodges had as their guests for the weekend Mr. and Mrs. C. Crusselle and son, John.

BULLOCH TIMES

Thursday, Aug. 9, 1956 Eight

Mr. and Mrs. John B. Anderson and family spent the weekend at Yellow Bluff.

Mrs. J. S. Nesmith spent Friday with Mr. and Mrs. Lawson Anderson.

Mr. and Mrs. Jim Taggart and sons left Saturday for Washington, D. C. Mrs. Taggart and sons spent a month with her parents, Mr. and Mrs. H. W. Nesmith.

Mr. and Mrs. James Jones and son of Savannah spent Sunday with Mrs. A. L. Davis.

Miss Gail Burnham of Savannah is spending two weeks with her grandmother, Mrs. C. P. Davis.

Mr. and Mrs. Walton Nesmith entertained Friday evening with a fish supper. Those present were, Mr. and Mrs. Jim Taggart and sons of Washington, D. C., Mrs. Taggart and sons, Mr. and Mrs. H. W. Nesmith, Mr. and Mrs. James Jones and son of Savannah, Miss Ramona Nesmith of Savannah and Mr. and Mrs. H. W. Nesmith.

Local Shrine Club Special Meeting

The Statesboro Shrine Club held a special meeting Monday night, August 6, at Mrs. Bryant's Kitchen with President R. H. Thompson presiding. Ladies were invited guests as final preparations were made for the forthcoming Fall Banquet to be staged in Statesboro on October 13.

Illustrious Potentate Robert E. Falligan and Mrs. Falligan of Savannah were guests of the club. The Potentate Falligan making a short address to the assembly on the meaning of a Ceremonial, the good time it will afford, and the hard work that must go into it.

The Headquarters for the Ceremonial delegation and the Dian from Ales Temple will be at the Hotel Alford.

A parade in downtown Statesboro of the United Bodies with their colorful costumes and age-old traditional splendor will precede the mid-day meal for the Nobles and candidates. The Ceremonial itself will be staged at Georgia Teachers College, the First Section at McCowan Auditorium and the Second Section at the Old College Gym.

Committee chairman appointments made and accepted. Candidates committee chairman, I. B. Robinson; Housing Reservation Chairman, Hugh F. J. Arundel; Ladies Reception Committee, Mrs. H. P. Jones Sr., Chairman; and Mrs. Hugh Arundel, Co-Chairman; Movies Hostess, Mrs. John Moore; Decorations and Parade Committee, A. M. Solomon; Float and Transportation Committee, Perry Bland; Ladies Luncheon Committee, Mrs. Perry Bland; Ceremonial Co-Ordinator, Eloise Waterhouse; Publicity Committee, R. H. Thompson; Recorder, E. D. Wells of Ales Temple, and Broth-ers Kirk Clifton, General Secretary for the York and Scottish Rites, were also present for the meeting. Recorder Wells closed the meeting with several of his choice anecdotes.

The Emma Kelly Kombo will play for the Potentate's Ball to be held that night in the old College Gym.

SCHOOL SURVEY IS CONTINUED

State Educators Make Recommendations For All County Schools

(Editor's note: This is the sixth in a series of articles on the Bulloch County school system. Recently a survey was made by a group of state educators which the county school board is using as a guide in their planning for the future.)

In previous weeks we have discussed the school in general terms. This week we begin studying each school in the county, beginning with the Statesboro High School on West Grady Street.

The local white school is located on West Grady Street on a site of about six acres on the edge of a residential section. The site is divided by a city street. Organized games requiring the use of a ball are played at another location. The site area is considered inadequate for high school purposes.

The plant contains: (a) a three story brick high school building constructed in 1921 with an addition constructed in 1950 containing twenty-five instructional rooms, including two shops, a laboratory, a homecoming unit, a commercial unit, limited administrative space, an auditorium and a cafeteria. (b) An old elementary brick building constructed in 1903 which has been abandoned. A new brick building in satisfactory condition and (d) a wood frame band building with practice rooms and storage facilities.

The three-story building is heated by an oil fired central heating system which is relatively new. The inefficient light in the old portion of the building is very inadequate. The new portion has fluorescent lights. City water and sewage disposal system are used. The gym is heated by two large individually fired units and by coal stoves located in the gymnasium. The frame band room is heated by a vented gas heater. Lighting is poor.

Maintenance of the three-story building is entirely inadequate. The roof supports and gutters are in poor repair. Colored ceiling and plaster on the walls are in poor condition. Interior decoration is needed. Old wood window sash are in poor condition. The hand rails in the stairwells are loose and need attention. The building is in poor condition.

The space in the three-story building can be more easily adapted to a junior high school program than to a senior high school program because of the need for more highly specialized areas in the senior high program. The senior high students should be provided for in a new school plant.

There should be improved lighting, general remodeling and refurbishment of this building. Estimated cost to be \$50,000.

Parents are reminded that the immunizations such as diphtheria, whooping cough and tetanus are also given at this time. It is important that children entering school be protected against these diseases.

Poli immunizations will be given at the Health Center as follows: Mondays, Wednesdays and Fridays—9 a.m. to 12 noon and 1 p.m. to 5 p.m.

Tuesdays, Thursdays, Saturdays, 9 a.m. to 12 noon.

"I Want To Write My Congressman"

In the days of Uncle Sam's service it was rather uncommon for a person who had some petty grievance to receive the suggestion from his friends to "write the chaplain." It simply meant that there was a man that needed "listen to his troubles." As long as it was a minor complaint, there were those in the service who could be relied on to "lend a sympathetic ear" and in most cases to make things right that needed it. It could be the "top kick," the "old man," perhaps, or in any event the chaplain could be depended upon.

If, however, there came something of sufficient importance, or something that a person needed done that stepped beyond the bounds of the service he could at times fall back on his right as a citizen of our country and could make his request known or could in other ways call on the services of "his congressman."

Right now we have three congressmen who have squared off for the contest in determining who is to serve as "our congressman." Without the least hesitation and leaving out any semblance of local home town loyalty or personal support (which within itself should serve as good reason for supporting him) we are convinced that the experience, the positions of influence and the need that the folks of the south have for strong leadership in the national congress, at a time when it is genuinely needed.

SINGER "Tune-Up SPECIAL"

TEN YEARS AGO
Bulloch Times Aug. 15, 1945

Visitors at the Times office today may pay slight heed, but they are observant they will note the instrument which for more than a half century has been away while making a contribution to the betterment of one of Bulloch County's pioneer homes and has come back to almost the exact point from which it went away so long ago. Lying on the top of the instrument is a clean, bright derby hat, on the sweatband of which are the letters, "HEY 87," with the name-band, Blitch-Parrish Co.

The little instrument, slightly larger than an ordinary hat box, as stamped in gilded letters across the top, "Concert Roller Organ." The derby on top of the box is a proper part of the outfit, because 82 years ago when the instrument left the front door of the Times office it went into a horse-drawn cart driven by W. H. ("Derby") Lord. All old-timers will remember "Derby" Lord. But what about the "Concert Roller Organ?" Well, this newspaper carried a series of advertisements for Savannah's leading music house and accepted musical merchandise in exchange. It was offered for sale and "Derby" Lord came to him, was captivated, loaded the machine into his cart and drove away. That was in the summer of 1884—52 years ago. Last week a fine looking young soldier came to our office to place an advertisement for his newly opened business. In the course of getting acquainted he told us of whom he was married. We told him about having sold the organ to his wife's grandfather long ago. Monday the young grocer, smiling, his young wife also with him carrying a youngster not yet walking, drove up to the office door and proffered us the long time organ and the hat, both of which had been part of "Derby" Lord's life.

The young merchant was John L. Hendrix and his place of business was on West Main Street, next to the City Dairy.

Final Resting Place For Vets

The two selected unknowns of World War II and Korea have been assured of their final resting place at Arlington National Cemetery. The assurance came with the approval of Public Law 652, 84th Congress.

Pete Wheeler, Director of the State Department of Veterans Service, stated that the recent plans will not change the present burial for the unknowns to be in the Plaza adjoining the present tomb and will be inscribed with the dates of each war period.

Nothing takes to the road like a Chevy!

Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway. It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.

You can see that the '56 Chevy is a standard for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever possessed. Try it and see.

You get more car when you buy it... more dollars when you sell it. Chevy has the highest resale value of the leading low-priced models!

SECURITY

Security is everyone's byword in this era of tension, anxiety, and bustling competition. It's the goal of government, industry, business, family, and nations.

Security generally means being sure of something, or even someone. But no one gets security without giving it. It is not self-accomplished. Other people and factors contribute in providing our security.

Above all, God alone is the source of security and serenity. Society cancels out our security with finality when we run afoul of its standards, whereas God endows us with the privilege of obtaining forgiveness and mending our ways.

How secure are we against the disasters and perils of life and against our own imperfections? To find the answer, turn to God's Church where we will find the fountain of security.
